Colors Available: N/A

Status: Not Applicable
Total Product Weight: N/A

Pile Height: 1/2"

Perforations: No

Applications:

This is the premier nylon putting surface. Used by David Leadbetter at all of his teaching facilities, this putting surface will take your game to the next level. This turf performs best with sand or ceramic infill. This product can also be used without infill, which makes it an ideal indoor/portable putting surface. This product can be installed outdoors or indoors on a compacted aggregate base or over concrete.

These specifications are standard and may vary slightly due to manufacturing tolerances or consumer specifications.
